Tutoris: Revolutionizing Online Tutoring

Empowering students to succeed with personalized online tutoring solutions.

Powered by: Team Somehow Winnable

Introduction

Overview of Tutoris and its mission to enhance tutoring experiences.

01

Tutoris is designed to **improve online learning** through personalized tutoring sessions.

02

Our platform connects students with qualified tutors using cutting-edge technology.

03

With a focus on accessibility, Tutoris aims to make learning **effective and engaging** for all.

Problem Statement

Traditional tutoring faces significant challenges impacting both students and tutors.

01

Many students struggle to find **qualified tutors** available at convenient times.

02

Tutors often face difficulties in managing **scheduling conflicts** and communication barriers.

03

The lack of **effective platforms** limits the ability to track progress and outcomes.

Target Market

Identifying our primary users:
students seeking help and tutors.

01

Students are looking for personalized learning experiences to enhance their understanding.

02

Tutors desire **flexible opportunities** that fit their schedules and expertise.

03

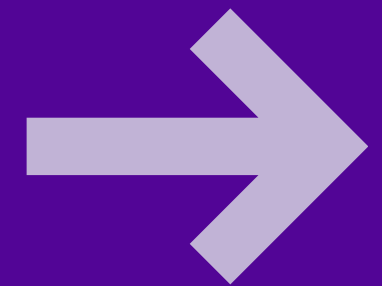

Our platform connects these two groups, providing effective **tutoring interactions** seamlessly.

Innovative Tutoring Features

Transforming the learning experience with technology and support

Tutoris offers **live interactive tutoring, recorded tutoring sessions, a collaborative study space, organized academic notes, and quick-review flashcards.**
